MOUNTAIN AND EASTERN COLORADO DIVISIONS
RESIDENTIAL AND COMMERCIAL GAS SERVICE**

APPLICABILITY

Applicable for Residential and Commercial service within the Mountain and Eastern Colorado Divisions served by Colorado Natural Gas, as described on Sheet No's. 5-7.

GAS RATE ADJUSTMENT

This rate schedule is subject to the Gas Cost Adjustments commencing on Sheet No. 22.

GAS – DEMAND SIDE MANAGEMENT COST ADJUSTMENT

This rate schedule is subject to the Gas – Demand Side Management Cost Adjustment commencing on Sheet No. 28.

PAYMENT AND LATE PAYMENT CHARGE

Bills for gas service are due and payable within fifteen days from the mailing date of bill. Any amounts not paid on or before the due date of the bill shall be subject to a late payment charge of 1.5% per month.

CONTRACT PERIOD

Initial service under this schedule shall be for a minimum period of thirty days and thereafter until terminated, where service is no longer required, on three days' notice.

RULES AND REGULATIONS

Service supplied under this schedule is subject to the terms and conditions set forth in the Company's Rules & Regulations on file with The Public Utilities Commission of the State of Colorado.

**NATURAL GAS RATES
FIRM GAS TRANSPORTATION SERVICE
SCHEDULE TF**

APPLICABILITY

Applicable to Shippers having acquired by separate agreement, supplies of natural gas (Shipper's Gas) and where Company has available System capacity in excess of that presently required for service to existing firm gas sales Customers and firm Shippers. Service is applicable to firm transportation of Shipper's Gas from Company's Receipt Point(s) to the Delivery Point(s) through both of the Company's systems. Service provided hereunder shall be in accordance with the Firm Gas Transportation Service Agreement (Service Agreement) between Company and Shipper, and the requirements of the Firm Gas Transportation Service provisions and the General Transportation Terms and Conditions of Company's Gas Transportation Tariff. Firm Capacity and Firm Supply quantities reserved under this rate schedule shall be designated for Receiving Party(s) at specific Delivery Point(s).

LOST AND UNACCOUNTED FOR ("L&U") REIMBURSEMENT

Shippers receiving Firm Transportation Service shall include additional gas for L&U Reimbursement to the quantity of gas delivered to Company. The L&U Reimbursement percentage shall be re-calculated annually at the time of the Company's Gas Cost Adjustment Filing and reported on Sheet 22 of this tariff.

CAPACITY INTERRUPTION OF SERVICE

Transportation service in excess of Peak Day Quantity is subject to availability of System capacity in Company's System. Should Company, in its sole judgment, determine that adequate System capacity is unavailable, then Shipper is subject to immediate Capacity Interruption of transportation service for those quantities in excess of Peak Day Quantity.

FIRM GAS TRANSPORTATION SERVICE SCHEDULE TF Cont'd**

SUPPLY CURTAILMENT OF SERVICE

Transportation service hereunder is subject to receipt of adequate supplies of Shipper's Gas by Company. If supplies of Shipper's Gas are not available for receipt by Company or confirmed by Interconnecting Party, then Shipper may be subject to immediate Supply Curtailment of transportation service upon notification by Company.

FIRM CAPACITY SERVICE

Firm Capacity Service is required for those Shippers desiring to reserve firm capacity in Company's System. Shippers desiring Firm Capacity Service for or on behalf of Receiving Party(s), are required to submit to Company a Request for Transportation Service for each Delivery Point, which contains the Peak Day Quantity for which Shipper desires Company to reserve firm capacity in its System. Firm Capacity is made available to Shipper for and on behalf of Receiving Party only.

Firm Capacity Service will be made available as soon as practicable after Company determines that it has sufficient capacity for each Delivery Point to provide such service, and will be subject to the Supply Curtailment and Capacity Interruption sections of the Gas Transportation Terms and Conditions.

If Peak Day Quantity is frequently overrun by Receiving Party, the Company reserves the right to increase Peak Day Quantity for the remainder of the term of the Service Agreement.

Decision Number C13-1304

Effective Date November 1, 2013

**NATURAL GAS RATES
FIRM GAS TRANSPORTATION SERVICE SCHEDULE TF Cont'd**

FIRM CAPACITY SERVICE - Cont'd

Shipper shall submit to Company revised Request for Gas Transportation Service any time Shipper desires to change its Peak Day Quantity. The request will either be approved or denied by Company within sixty (60) days of the receipt thereof. If denied, written notification will be provided to Shipper detailing the reasons for denial, as well as an explanation of what changes would be necessary to enable Company to provide the requested service, and any additional charges therefore. Firm Capacity Service at the revised Peak Day Quantity will commence when Company notifies Shipper that it has sufficient capacity to transport the revised Peak Day Quantity, subject to the Supply Curtailment and Capacity Interruption Sections of the Gas Transportation Terms and Conditions. The Peak Day Quantity will be specified in the Service Agreement and the rate for Firm Capacity Service will be the Firm Capacity Reservation Charge.

FIRM SUPPLY RESERVATION SERVICE

Firm Supply Reservation Service is an option that allows Shippers to pay a reservation charge giving Shipper rights to purchase Backup Supply Sales Service should Shipper's Gas fail. Shippers desiring Firm Supply Reservation Service are required to submit to Company a Request for Transportation Service between March 1 and April 1 of each year for each Service Agreement which contains the Peak Day Quantity that Shipper desires Company to reserve commencing October 1 of the same year. Such Peak Day Quantity shall not be greater than the quantity requested and approved by Company for Firm Capacity Service. Company will review initial or subsequent Requests for Firm Supply Reservation Service on a first-come, first-serve basis, based upon the date of receipt of the request. The request will either be approved or denied by Company within sixty (60) days of the receipt thereof. If denied, written notification will be provided to Shipper detailing the reasons for denial.

Increases or decreases in Peak Day Quantity in subsequent requests shall be approved by Company at its sole discretion. Company will commence Firm Supply Reservation Service as soon as is practicable after it determines that sufficient supplies are available. Firm Supply Reservation Service shall be made available to Shipper for and on behalf of the Receiving Party(s) only. Shipper, in receiving said Firm Supply Reservation Service, acknowledges that it is acting for the Receiving Party(s) as the Receiving Party(s)' agent. The Peak Day Quantity will be specified in Service Agreement and the rate for Firm Supply Reservation Service will be the Firm Supply Reservation Charge.

If Peak Day Quantity is frequently overrun by Receiving Party, the Company reserves the right to increase Peak Day Quantity for the remainder of the term of the Service Agreement.

If Shipper elects to purchase Firm Supply Reservation Service, and Company commences providing service under this option, then Company is obligated to provide natural gas supplies to Receiving Party. Company will not be obligated to stand ready to provide firm gas sales service at a level above the Peak Day Quantity reserved for Receiving Party(s) who elect to return to sales service.

NATURAL GAS RATES
FIRM GAS TRANSPORTATION SERVICE SCHEDULE TF Cont'd

BACKUP SUPPLY SALES SERVICE

Backup Supply Sales Service is an option available to Shippers that can be used in the event that adequate supplies of Shipper's Gas are not available for receipt by Company. Shippers who purchase Firm Supply Reservation Service have rights to purchase Backup Supply Sales Service up to the Peak Day Quantity at the Backup Supply Sales Charge. Quantities sold to Shippers in excess of each Receiving Party's Peak Day Quantity will be considered on an interruptible basis.

Shippers who have not purchased Firm Supply Reservation Service can request Backup Supply Sales from Company and, if available, can purchase those quantities authorized for sale by Company at the Backup Supply Sales Charge. If Backup Supply Sales Service is unavailable from Company, the Receiving Party shall discontinue use of any gas quantities in excess of those available from Shipper. Consumption of any gas quantities not authorized by Company in excess of those available from Shipper shall be billed to Shipper under the provisions of the Unauthorized Overrun Sales Service section of this rate schedule.

AUTHORIZED OVERRUN TRANSPORTATION SERVICE

In the event Shipper desires Company to transport Shipper's Gas in excess of the Peak Day Quantity, Company may, at its sole discretion, provide such Authorized Overrun Transportation Service on an interruptible basis, provided Company has sufficient capacity and receives Shipper's Gas at the Receipt Point(s). Company will provide Authorized Overrun Transportation Service in accordance with the Supply Curtailment and Capacity Interruption sections of the Gas Transportation Terms and Conditions. Authorized Overrun Transportation Service will be provided at the Authorized Overrun Transportation Charge.

UNAUTHORIZED OVERRUN TRANSPORTATION SERVICE

In the event Company does not authorize transportation in excess of the Peak Day Quantity then all gas transported over the Peak Day Quantity shall be at the Unauthorized Overrun Transportation Charge. Charges shall not be less than the minimum Unauthorized Overrun Transportation Charge or more than the Standard Unauthorized Overrun Transportation Charge. Unauthorized Overrun Transportation Charges shall not be assessed if the overrun quantities are less than five (5) MMBTU. For unauthorized transportation overruns of five (5) MMBTU or more, the Unauthorized Overrun Transportation Charge will be waived if Shipper requests an increase in Shipper's Firm Capacity and/or Firm Supply quantities to the new Peak Day Quantity reflected by overrun, and if such increased quantities are available. In the case of repeated use of gas during periods of Supply Curtailment, Capacity Interruption or restricted delivery days,

FIRM GAS TRANSPORTATION SERVICE
SCHEDULE TF Cont'd**

COMMUNICATION LINE INSTALLATION AND MAINTENANCE

If required by Company for electronic metering, Shipper assumes responsibility for the installation and maintenance costs for a communication line necessary for electronic metering of gas quantities transported.

Shipper will provide an "analog/pulse" communication line to the meter via conduit, suitable underground cable, or properly mounted outdoor grade wire of sufficient length to extend to the meter index, plus an additional five feet for wiring of the instruments prior to initiation of service by Company. Communication wire installation will be subject to the National Electric Safety Code Requirement. Shipper shall coordinate installation of the communication line with Company.

Receiving Party will maintain the communication line and cause any interruption in service over the communication line to be repaired as soon as possible. Shipper or Receiving Party will notify Company in advance of any planned outages. In the event the communication line is out of service for a period of more than two days, Company reserves the right to discontinue transportation service until the communication line is placed back in service.

TERMINATION CHARGE

In the event Shipper gives notice of its intention to cancel Firm Gas Transportation Service for any or all Delivery Points prior to the end of the Contract Period or any subsequent Contract Period, as provided for in said Service Agreement, Shipper shall be obligated to pay Company a termination charge, equal to the Firm Capacity Reservation Charge and the Firm Supply Reservation Charge, if applicable, multiplied by the Peak Day Quantity, as described in the Service Agreement, for every month remaining in any Contract Period. If Receiving Party returns to Company's firm sales service at same service level, the termination charge will be waived. In addition, all costs incurred by Company relating to any specific facility charges specified in Service Agreement shall become immediately due and payable to Company.

CONTRACT PERIOD

Firm Supply Service shall commence upon date of first delivery and shall terminate three years from the next October 1, subsequent to the effective date of the Service Agreement, and continuing from year to year after the initial three year period until canceled as provided by said Service Agreement. Company reserves the right to commence Firm Supply Service only when sufficient supplies are available. Firm Capacity Service shall commence upon date of first delivery and shall terminate one year from the next October 1, subsequent to the effective date of the Service Agreement, and continuing from year to year after the initial one year period until canceled as provided by said Service Agreement. Company will commence Firm Gas Transportation Service as soon as is practicable as long as sufficient capacity is available.

DISCOUNT OF SERVICE

The Company may offer interruptible transportation service at a discount. Any discount offered will be based on the Company's best available information regarding the costs to a transportation customer of a competing fuel or the cost of a bypass line that could be installed to serve that customer with natural gas from an alternative source. The Company will re-calculate any discount on an annual basis but will only modify any discount at the end of an Interruptible Transportation Agreement.

**NATURAL GAS RATES
INTERRUPTIBLE GAS TRANSPORTATION SERVICE
Schedule TI - Cont'd**

AUTHORIZED OVERRUN TRANSPORTATION SERVICE

In the event Shipper desires Company to transport Shipper's Gas in excess of the Maximum Daily Transportation Quantity, Company may, at its sole discretion, provide such Authorized Overrun Transportation Service on an interruptible basis, provided Company has sufficient capacity and receives Shipper's Gas at the Receipt Point(s). Company will provide Authorized Overrun Transportation Service in accordance with the Supply Curtailment and Capacity Interruption sections of the Gas Transportation Terms and Conditions. Authorized Overrun Transportation Service will be provided at the Authorized Overrun Transportation Charge.

UNAUTHORIZED OVERRUN TRANSPORTATION SERVICE

In the event Company does not authorize transportation in excess of the Maximum Daily Transportation Quantity, or interrupts transportation service due to the lack of system capacity, and Shipper's Gas was available for transportation, then all gas used by each Receiving Party in excess of the Maximum Daily Transportation Quantity or during the period of capacity interruption shall be at the Unauthorized Overrun Transportation Charge. In the case of repeated use of gas during periods of Capacity Interruption, or restricted delivery days, the Company shall have the right to charge Shipper the Standard Unauthorized Transportation Charge, and terminate service hereunder and return the Receiving Party to sales service if applicable.

UNAUTHORIZED OVERRUN SALES SERVICE

Should Company interrupt transportation service due to the lack of system capacity, and Shipper's Gas was not available for transportation, then all interruptible gas used during the period of Capacity Interruption shall be at the Unauthorized Overrun Sales Charge in addition to the Backup Sales Supply Charge. If Shipper's supply of natural gas should fail for whatever reason, Company will provide interruptible supplies at the Backup Supply Sales Charge to Shipper, if available. If Shipper uses more than the quantity authorized by Company, or if such supplies are not available and the Receiving Party continues to use gas during the period of such failure, then Shipper will be required to pay Company the Unauthorized Overrun Sales Charge, in addition to the Backup Supply Sales Charge, for all gas used during such period.

In the case of repeated use of Unauthorized gas during periods of Supply Curtailment, Capacity Interruption or Restricted Delivery Days, Company shall have the right to charge Shipper the Standard Unauthorized Overrun Sales Charge. Charges shall not be less than the minimum Unauthorized Overrun Sales Charge or more than the Standard Unauthorized Overrun Sales Charge.

**NATURAL GAS RATES
INTERRUPTIBLE GAS TRANSPORTATION SERVICE
Schedule TI - Cont'd**

COMMUNICATION LINE INSTALLATION AND MAINTENANCE

If required by Company for electronic metering, Shipper assumes responsibility for the installation and maintenance costs for a communication line necessary for electronic metering of gas quantities transported.

Shipper will provide an "analog/pulse" communication line to the meter via conduit, suitable underground cable, or properly mounted outdoor grade wire of sufficient length to extend to the meter index, plus an additional five feet for wiring of the instruments prior to initiation of service by Company. Communication wire installation will be subject to the National Electric Safety Code Requirement. Shipper shall coordinate installation of the communication line with Company.

Receiving Party will maintain the communication line and cause any interruption in service over the communication line to be repaired as soon as possible. Shipper or Receiving Party will notify Company in advance of any planned outages. In the event the communication line is out of service for a period of more than two days, Company reserves the right to discontinue transportation service until the communication line is placed back in service.

CONTRACT PERIOD

Unless otherwise agreed, this schedule is available only under an Interruptible Gas Transportation Service Agreement for a minimum period of one year commencing on the effective date of the Service Agreement, and continuing from year to year after the initial one year period until canceled as provided by said Service Agreement.

ON-PEAK GAS

Shippers have the option to contract, on behalf of a Receiving Party, those minor amounts of firm sales gas that are not subject to Supply Curtailment or Capacity Interruption. Such gas is normally supplied for the pilots of gas consuming appliances and other such minor uses. Commitments for On-Peak Service shall be at the option of the Company, dependent upon the sufficiency of pipeline and system capacity with respect to the requirements of Company's other firm gas sales Customers and Firm Shippers. The maximum daily quantity of On-Peak gas to be supplied to each Receiving Party shall be specified in the Service Agreement between Shipper and Company.

**NATURAL GAS RATES
GAS COST ADJUSTMENT**

APPLICABILITY

All rate schedules for natural gas sales service are subject to a Gas Cost Adjustment to reflect the cost of gas purchased from Company's suppliers. The Gas Cost Adjustment amount will be subject to semi-annual changes to be effective beginning November 1 and April 1 of each year. The November 1 GCA filing is known as the "winter" GCA; the April 1 GCA filing is known as the "summer" GCA. The Gas Cost Adjustment for all applicable rate schedules is as set forth on Sheet No. 27, and will be added to the Company's Base Rate for billing purposes.

T
N

DEFINITIONS

Gas Cost Adjustment - The Gas Cost Adjustment will be Current Gas Cost plus Deferred Gas Cost.

Base Rate - Base Rate is the rate which incorporates the currently effective Distribution Charge, established in the Company's last rate case, which includes operating expenses, taxes, and earnings on rate base. The Base Rate does not include any gas costs or upstream pipeline charges.

Total Rate - Total Rate is the Base Rate plus the Gas Cost Adjustment.

Current Gas Cost - Current Gas Cost is the Forecasted Gas Commodity Cost and Forecasted Upstream Service Cost projected to be incurred by the Company during the GCA Effective Period.

Deferred Gas Cost - Deferred Gas Cost is a rate component of the GCA designed to amortize over the GCA Effective Period the over or under recovered costs in the Company's Account No. 191.

Recovered Gas Cost – Recovered Gas Cost is the gas cost recovered by the Company's currently effective Gas Cost Adjustment.

Actual Gas Cost - Actual Gas Cost is the sum of the amounts recorded as Well Head Gas Purchases in Acct. 401.800, Field Line Purchases in Acct. 401.801, Gasoline Outlet Purchases in Acct. 401.802, Trans-mission Line Purchases in Acct. 401.803, City Gate Purchases in Acct. 401.804, Other Gas Purchases in Acct. 401.805, Exchange Gas in Acct. 401.806, Gas Withdrawn From and Delivered to Storage in Acct. 401.808, Gas used for Products Extraction in Acct. 401.811, Take/Pay Buyout Payments in Acct.401.813, and Storage Gas Lost and Unaccounted in Acct. 401.823.

Decision Number C23-0864 Effective Date April 1, 2024

Colorado PUC E-Filings System

**NATURAL GAS RATES
GAS COST ADJUSTMENT - Cont'd**

DEFINITIONS – cont'd

GCA Effective Period – A twelve-month period beginning November 1 of each year that the GCA rate is intended to be in effect. The GCA Effective Period is divided into two semi-annual GCA adjustments to reflect changes in gas prices.

Forecasted Gas Commodity Cost – The cost of gas commodity, including appropriate adjustments for storage gas injections and withdrawals and exchange gas imbalances, projected to be incurred by the Company during the GCA Effective Period.

Forecasted Upstream Service Cost – The total cost of upstream services projected to be incurred by the Company during the GCA Effective Period.

CURRENT GAS COST

(1) The Current Gas Cost will be calculated based on normalized purchases during the most current twelve months ending June, and Forecasted Gas Commodity Cost and Forecasted Upstream Service Cost. The resulting amount will be divided by the normalized sales quantities for the same period.

(2) A revised Current Gas Cost will be effective beginning November 1 of each year. In addition, if the Company's suppliers change their rates from those used in computing the currently effective Current Gas Cost, Company may file a revision in its current Gas Cost Adjustment to coincide with the effective date of the supplier change, provided that Company's rate change equates to at least one mill (\$0.001) per dekatherm of the normalized sales for the test period used in calculation of the currently effective Current Gas Cost. The revised Current Gas Cost will replace the previous Current Gas Cost included in the Company's Total Rates.

(3) The Current Gas Cost will be calculated to the nearest mill (\$0.001) per dekatherm.

Decision Number C23-0864

Effective Date April 1, 2024

NATURAL GAS RATES
GAS COST ADJUSTMENT – Cont’d
Gas Price Risk Mitigation Plan

Gas Price Mitigation Plan (GPRMP)

Recovery of gas costs through the GCA is subject to the Company’s GPRMP approved by the Commission. The GPRMP establishes a maximum per-month gas cost and a minimum per-month gas cost.

GPRMP Maximum (Cap): \$10.50 per dekatherm
GPRMP Minimum (Floor): \$3.50 per dekatherm

If the weighted average of the GCA rates for the Company’s service territories is above or below these maximum and minimum levels, the incremental cost above or below the maximum and minimum levels will be deferred to a separate account known as the Deferred Gas Recovery Tracker (DGRT) for recovery through the GCA over the following amortization periods:

- For balances held in the DGRT of \$3 million or less recovery will be over a one-year period;
- For balances held in the DGRT of greater than \$3 million and up to \$6 million, recovery will be over a two-year period;
- For balances greater than \$6 million, CNG will file an Advice Letter to address the appropriate recovery period.

The DGRT will accrue interest on both under- and over-recovered balances. For balances 12 months or less, interest will be applied at the Commission-determined customer deposit interest rate. For balances in excess of 12 months, the interest will be applied at the Company’s long-term debt rate. The balance of the reserve account will be evaluated for recovery through rates as part of CNG’s winter GCA filing effective on November 1 of each year.

The Deferred Gas Price Risk Mitigation Rate (“GPRMP”) will be applied to all sales customers who are subject to the GCA. If the amount of any GCA rate change is limited by the GPRMP cap or floor, the Company will track recovery of actual gas costs under the GCA and will allocate any actual deferred costs to the DGRT for evaluation for inclusion in the next November 1 GCA adjustment.

INTEREST AND AMORTIZATION OF DGRT

Interest shall be applied at a rate equal to the interest rate paid on customer deposits to amounts carried up to 12 months in the Deferred GPRMP account. Beginning with the thirteenth consecutive month, interest will be applied to amounts in the Deferred GPRMP account at a rate equal to the Company’s actual long-term debt rate.

INFORMATION TO BE FILED WITH THE PUBLIC UTILITIES COMMISSION

Each proposed revision in the Gas Cost Adjustment will be accomplished by filing an application and Exhibits as required by 4CCR 723-4 et. Seq. Such application will be accompanied by such supporting data and information as the Commission may require from time to time.

The Company's Gas Cost Adjustment set forth above incorporates by reference the entire Rules Regarding Gas Cost Adjustment, 4 CCR 723-4. The intent of the GCA Rules shall prevail in the case of any errors or omissions in the Company's GCA tariffs stated herein.

**NATURAL GAS RATES
GAS DEMAND SIDE MANAGEMENT COST ADJUSTMENT**

Gas Demand-Side Management Cost Adjustment (G-DSMCA)

All sales rate schedules for natural gas service are subject to a Gas Demand-Side Management Cost Adjustment ("G-DSMCA") designed to prospectively recover prudently incurred costs of Demand-Side Management Programs ("DSM Programs") in accordance with Gas Demand-Side Management Rules 4750 through 4760 of the Commission's Rules Regulating Gas Utilities and Pipeline Operators, 4 Code of Colorado Regulations 723-4 ("Gas DSM Rules"). The G-DSMCA Factor shall be separately calculated and applied to the billed amounts derived from the Company's base rates schedules of residential and commercial customers. The calculated G-DSMCA recovery portion of the customer's bill will be shown separately from the base rates. The Company shall recover the annual expenditures projected for that year over a one-year period with the G-DSMCA Factor.

DSM Plan Filing

The initial DSM plan filings shall cover a DSM period of two years. The subsequent DSM plan filings shall cover a DSM period of three years unless otherwise specified by the Commission. Subsequent DSM plan applications are to be filed by May 1 of the final year of the current DSM plan. Periodic DSM Plan Filings may be pursuant to the Gas DSM Rules by the Company to propose, inter alia, expenditure target for DSM programs.

Annual G-DSMCA Filing

On or after January 1, 2009, the Company will place into effect the new G-DSMCA tariff pursuant to the Commission's final order on its initial DSM plan and application.

**NATURAL GAS RATES
GAS DEMAND SIDE MANAGEMENT COST ADJUSTMENT**

Beginning April 1, 2010, and each April thereafter, the Company will submit its annual DSM report, application for bonus and DSMCA filing. The Company will include in its annual G-DSMCA filing all pertinent information and supporting documentation as is required by the Commission's Rules and as specifically set forth in Gas DSM Rules 4757 and 4758.

The Company shall file a request to adjust its G-DSMCA Factor either through an application or an advice letter and tariffs. Prudently incurred costs of DSM programs within the DSM program expenditure target approved by the Commission in order to provide for funding of the utility's DSM programs, as well as recovery of deferred G-DSMCA costs, plus any G-DSM bonus approved by the Commission, shall be recovered through the G-DSMCA Factor that is set on an annual basis, and collected from July 1 through June 30.

If the projected DSM program costs have changed from those used to calculate the currently effective G-DSMCA cost or if a Company's deferred G-DSMCA cost balance increases or decreases sufficiently, the Company may file an application to revise its currently effective G-DSMCA factor to reflect such changes, provided that the resulting change to the G-DSMCA factor equates to a base rate change of at least one cent (\$0.01) per Mcf or Dth. The Company has the burden of proof to justify any interim G-DSMCA filings and the Commission has the discretion to consolidate the interim G-DSMCA filing with the next regularly scheduled annual G-DSMCA filing.

**NATURAL GAS RATES
GAS DEMAND SIDE MANAGEMENT COST ADJUSTMENT**

Definitions

Deferred G-DSMCA Cost. Deferred G-DSMCA Cost means a rate component of the G-DSMCA Factor which is designed to amortize over the G-DSMCA Period, plus interest, the under- or over-recovered G-DSMCA Factor reflected in the Company's Account No. 186 for all applicable rate schedules of residential and commercial customers.

DSM Period. DSM Period means the effective period of an approved DSM plan.

DSM Bonus. The amount of bonus approved by the Commission in the Company's annual DSM Bonus application, as set forth in Gas DSM Rule 4760.

Current DSM Cost. Prudently incurred costs of DSM programs within the DSM program expenditure target approved by the Commission in order to provide for funding of the utility's DSM programs.

DSM Program. DSM Program or energy efficiency program means any combination of DSM measures, information and services offered to customers to reduce natural gas usage set forth in the Company's DSM Plan Filing as approved by the Commission.

G-DSMCA Factor. The G-DSMCA for each service class shall be a percentage adjustment applicable to all base rates for customers receiving service under the rate schedule for the service class. The following formula shall be used:

$$\text{G-DSMCA} = \frac{(\text{current DSM Cost} + \text{DSM Bonus} + \text{Deferred DSM Cost})}{(\text{CCount} * \text{SFC} + \text{Sales} * \text{D})}$$

where:

- CCount is the forecasted number of customers under a rate schedule in the DSM period,
- SFC is the Service & Facilities charge effective on the April 1 filing date,
- Sales is the forecasted sales gas quantity for the rate schedule in the DSM period, and
- D is the Distribution charge effective on the April 1 filing Date,
- The G-DSMCA Factor will also include the current G-DSM bonus plus any adjustment necessary to previously approved G-DSM bonuses.
- Deferred G-DSMCA Cost includes sub-accounts of deferred amounts for DSM bonus and current DSM Cost for the rate schedule.

G-DSMCA Period. The G-DSMCA shall take effect July 1 of each year for a period of 12 months.

Interest on under- or over-recovery. The amount of net interest accrued on the average monthly balance in sub-accounts of Account No. 186 (whether positive or negative), is determined by multiplying the monthly balance by an interest rate equal to the Commission-authorized after-tax weighted average cost of capital.

Prudence review and adjustment of G-DSM bonus. If the Commission finds that the actual performance varies from performance values used to calculate the DSM bonus, then an adjustment shall be made to the amount of DSM bonus award. Any true-up in DSM bonus will be implemented on a prospective basis.

Rate Schedule	Sheet No.	G-DSMCA Charge	G-DSMCA Factor
RG-M (B)	8	Percentage applied to Base Rates	1.78%
RG-M (SP)	8	Percentage applied to Base Rates	1.85%
RG-M (C)	8	Percentage applied to Base Rates	1.73%
RG-M (PW)	8	Percentage applied to Base Rates	1.63%
RG-EC	8	Percentage applied to Base Rates	3.38%

COMMERCIAL

Rate Schedule	Sheet No.	G-DSMCA Charge	G-DSMCA Factor
CG-M (B)	8	Percentage applied to Base Rates	5.69%
CG-M (SP)	8	Percentage applied to Base Rates	6.03%
CG-M (C)	8	Percentage applied to Base Rates	6.36%
CG-M (PW)	8	Percentage applied to Base Rates	5.75%
CG-EC	8	Percentage applied to Base Rates	10.84%

LARGE COMMERCIAL

Rate Schedule	Sheet No.	G-DSMCA Charge	G-DSMCA Factor
LC-EC	9	Percentage applied to Base Rates	14.13%

Consistent with Natural Gas Billing Format on Sheet Nos. 8-9, the G-DSMCA Charge will be shown as a separate line item on each customer's monthly bill. This G-DSMCA charge will be calculated by multiplying the G-DSMCA Factor percentage shown above for that customer class by the sum of that customer's Service and Facilities Charge and the Total Distribution Charge for that month. The Total Distribution Charge is the product of the customer's consumption for that month and the Distribution Charge.

**NATURAL GAS RATES
GAS SERVICE LOW-INCOME PROGRAM**

Customer Affordability Program

The CAP is a program designed to provide natural gas bill assistance to eligible CNG customer households in the form of one lump sum bill credit and arrearage forgiveness. This program is available to all CNG residential customers who meet certain eligibility requirements.

T
T
T
T

CAP Availability

All residential customers who meet the following criteria are eligible to receive CAP Benefits under the CAP: The customer has been referred to the Company for that CAP Program Year as income-qualified by the Colorado Department of Human Services through its Low Income Energy Assistance Program ("LEAP"), Energy Outreach Colorado ("EOC"), the Colorado Energy Office ("CEO"), or by the Colorado Public Utilities Commission through its Utility Bill Help Program ("UBH");

T
T
T
T
T

The customer meets the Gas Affordability criteria and;

T

The customer agrees to all terms and conditions within the CAP program tariff.

T

CAP is available until such time as program funds are depleted at which time the Company may implement a wait list or suspend the program until additional funds are available. The Company reserves the right to modify the program without prior notice.

T
T
T

Terms

A LEAP application is not required for customers qualified and referred to the Company by EOC, CEO, or UBH.

N
N

CAP bill credits that have been applied to the customer's account will be used to offset the customer's natural gas bill until the credit has been exhausted.

N
N

If a customer enrolled in the CAP program relocates to another residence within the Company's service territory and maintains residential service with the Company, any remaining CAP credit shall remain applied to the customer's account.

N
N
N

If a customer discontinues service and does not re-establish service within the Company's service territory, any unused CAP credit shall revert to the CAP program budget and may be reallocated to other eligible participants.

N
N
N

**NATURAL GAS RATES
GAS SERVICE LOW-INCOME PROGRAM**

Definitions

CAP Benefit – The bill credits and/or arrearage forgiveness provided by the Company to Eligible Customers.

CAP Year – November 1 through October 31 of the following year.

CEO – Colorado Energy Office

Commission – The Public Utilities Commission of the State of Colorado

Eligible Customer – A Referred Customer who is determined to be eligible to receive a CAP Benefit based on the CAP Benefit Calculation. For customers referred by LEAP, such eligibility is for the current CAP Year. For customers referred by EOC, CEO or UBH, eligibility is for the current CAP Year and the following CAP Year.

EOC – Energy Outreach Colorado

Estimated Annual Income – The amount of income based on Federal Poverty Level and number of residents residing within a household.

Gas Affordability – The percentage of household income deemed as affordable for natural gas energy expense.

Household – Includes all the people who occupy a housing unit(such as a house or apartment) as their usual place of residence.

LEAP - Department of Human Services' Low-Income Energy Assistance program

Referred Customer – A Referred Customer is a residential customer who has been income-qualified and referred to the Company by LEAP, EOC, CEO, or UBH.

Third-Party Assistance – Verified credits or payments for energy assistance provided to the Referred Customer's household for the CAP Year from third-parties, including but not limited to credits and payments from LEAP, EOC, CEO or UBH.

UBH – Colorado Public Utilities Commission's Utility Bill Help Program

**NATURAL GAS RATES
 GAS SERVICE LOW-INCOME PROGRAM**

CAP Design

The CAP is a four-tiered benefit system that provides benefits to Eligible Customers. The program consists of a Company calculated bill credit and an arrearage forgiveness component. The Company calculated bill credit will be applied as a single lump sum payment posted directly to a customer's account that will remain until exhausted.

CAP Bill Credit Calculation

Household Tier Placement

Upon receipt of information from the respective referring agency each Referred Customer will be placed into one of three benefit tiers based on a combination of the estimated gross annual household income as a percentage of the Federal Poverty Level and the number of full-time residents that live within the Referred Customer's household. The three benefit tiers are as follows:

Benefit Tier 1:

For Referred Customers whose primary household heat is not electricity and whose annual household income is at or below 75% of the Federal Poverty Level, the maximum Gas Affordability is deemed to be no more than 2% of their annual household income.

Benefit Tier 2:

For Referred Customers whose primary household heat is not electricity and whose annual household income exceeds 76% of the Federal Poverty Level but does not exceed 125% of the Federal Poverty Level, the maximum Gas Affordability is deemed to be no more than 2.5% of their annual household income.

Benefit Tier 3:

For Referred Customers whose primary household heat is not electricity and whose annual household income exceeds 126% of the Federal Poverty Level, the maximum Gas Affordability is deemed to be no more than 3% of their annual household income.

Benefit Tier 4:

For Referred Customers whose primary household heat is electricity, the maximum Gas Affordability is deemed to be 1% of their annual household income. The Company identifies these customers through the referral process.

**NATURAL GAS RATES
GAS SERVICE LOW-INCOME PROGRAM**

Budget Billing Plan

Eligible Customers may be enrolled in a Budget Billing Plan, but are not required to. Customers may opt-out of the Budget Billing Plan at any time.

Application of CAP Credit for Budget Billing Plan Participants

For CAP participants enrolled in the Company's Budget Billing Plan, the CAP Credit shall be applied as a lump sum to the customer's service account. The credit shall offset the customer's monthly budget bill amount and appear as a credit balance on the account. The CAP Credit will be automatically applied to future monthly charges until fully exhausted. This structure is intended to reduce or eliminate out-of-pocket costs for eligible customers during the program year. Budget Billing Plan amounts are not recalculated due to CAP participation.

Disconnection Procedures for Referred Customers

Once a customer is referred to the Company by LEAP, CEO, or EOC, the Company shall

- Initiate, continue or restore natural gas service, whichever is applicable to the Referred Customer, within 24 hours of notification from the referring agency or a customer and continue natural gas service for at least sixty (60) days after such notification, unless:
 - The Referred Customer is in a pending shutoff situation and the CAP Benefit is an amount less than 25% of the Referred Customer's arrearage, or
 - The Referred Customer is shut off and the CAP Benefit is less than 50% of the Referred Customer's arrearage

If a disconnection was due to tampering, service will only be restored if payment exceeds 70% of the customer's balance. Once a customer has exhausted their CAP bill credit, they are no longer protected from disconnection.

Seventh Revised Sheet No. 29F
Cancels Sixth Revised Sheet No. 29F

CAP Program Fee

All rate schedules for natural gas service are subject to a CAP Program Fee designed to recover the direct costs of the Low-Income Program. In accordance with Commission rules the Company is allowed to recover certain costs associated with the program. A monthly charge applied to all residential and commercial rate classes pursuant to the rules will be periodically adjusted to recover the costs associated with the program.

T
T
T

The Company began administering the program during the 2011-2012 season. Pursuant to 4 CCR 723-4-4412(g)(II)(C), below is a schedule of the dates and associated rates:

June 1, 2012 to May 31, 2013	\$0.25
June 1, 2013 to July 31, 2015	\$0.28
August 1, 2015 to June 30, 2017	\$0.21
July 1, 2017 to December 31, 2022	\$0.31
January 1, 2023 to current	\$1.00

NATURAL GAS RATES ENERGY ASSISTANCE SYSTEM BENEFIT CHARGE (EASBC)

The Energy Assistance System Benefit Charge (“EASBC”) is a mandatory, monthly charge collected from all customers unless a customer requests to opt-out or are otherwise exempted.

EASBC was passed in the 2021 Colorado House Bill 1105 and is codified in statutes at §40-8.7-104(2.5), C.R.S. to require the Company to bill and collect the EASBC monthly from customers per the approved schedule of charges set forth in this tariff.

EASBC financially contributes to low-income utility assistance that is administered and disbursed by Energy Outreach Colorado (“EOC”). Customers may call 1-866-HEAT-HELP for information on qualifying for low-income utility assistance.

Exemption from payment of this charge is permitted for Income-Qualified Customers and Customers that request removal (i.e., opt out) of the EASBC in accordance with 40-8.7-104, C.R.S. Upon receipt of a removal request, CNG will remove the EASBC from the bill on or before the next billing cycle.

DEFINITION

Income-Qualified Customers

Income-Qualified Customers receive assistance from the Colorado Low-Income Energy Assistance Program (“LEAP”), are enrolled in the Company’s Customer Assistance Program (“CAP”) or are qualified by EOC to receive direct utility bill payment assistance from EOC or other applicable organizations.

EASBC effective to all CNG customers

<u>Effective On & After</u>	<u>Rate Schedules</u>	<u>Monthly Charge</u>
October 1, 2025	ALL	**\$0.83

**The monthly charge shall adjust annually each October 1, beginning in 2023, based on the annual percentage change in the published Index for July in the previous year and July in the current year. Index shall mean the U.S. Dept. of Labor’s Bureau of Labor Statistics Consumer Price Index for Denver-Aurora-Lakewood for all items and all urban consumers, or its successor index.

**RULES AND REGULATIONS
NATURAL GAS SERVICE
GENERAL**

DEFINITION OF TERMS

Billing Unit - A quantity of gas expressed in energy units, either therms or dekatherms, depending on the rate class.

British Thermal Unit (Btu) - One (1) British thermal unit (International Table), which is the amount of energy equivalent to 1,055.056 Joule, as specified in Gas Processors Association Publication 2145-93 ("Table of Physical Constants of Paraffin Hydrocarbons and other Components of Natural Gas") or subsequent amendments as may be adopted by the Company. One (1) MMBtu shall mean one million (1,000,000) Btu.

Commission - "Commission" shall mean the Public Utilities Commission of Colorado.

Company - "Company" shall mean Colorado Natural Gas Inc.

Construction Costs of Distribution Facilities - The combined costs of all facilities necessary to the Distribution Extension or Distribution Reinforcement, including satisfactory rights-of-way.

Construction Allowance - That portion of necessary construction made by the Company at its expense.

Construction Payment - Amount advanced by Applicant to pay all construction costs in excess of Construction Allowance.

Construction Payment Agreement - An option to Permanent Service Applicants to have Company advance to Applicant the Construction Payment amount for a specific term.

Contract Demand - "Contract Demand" (CD) shall mean the daily quantity of gas which the Company agrees to furnish and for which the customer agrees to pay.

Contract Year - "Contract Year" shall mean a 12 month period ending September of each year except as otherwise stated in the Service Agreement or contract between Customer and Company.

Cubic Foot of Gas (cf) -

- a) For the purpose of gas property determination, one cubic foot of gas shall mean one "standard cubic foot" (scf) of gas, which is the volume of water-free gas occupying a space of one (1) cubic foot at standard conditions.

DEFINITION OF TERMS – CONT'D

Dekatherm - One Dekatherm (Dth) is the energy equivalent to 10 therms or 1,000,000 Btu (1 MMBtu).

Delivery Point(s) - The point(s) where Company delivers gas to the Receiving Party.

Demand - "Demand" shall mean the firm daily quantity of natural gas Company is obligated to deliver and Customer is entitled to receive.

(a) Contract Demand - "Contract Demand" shall mean the maximum firm daily quantity of natural gas Company is obligated to deliver on any day to Customer and Customer is entitled to receive under any firm rate schedule in accordance with the executed contract or Service Agreement.

(b) Total Demand - "Total Demand" shall mean the maximum firm daily quantity of natural gas Company is obligated to deliver on any day to Customer and Customer is entitled to receive under all firm rate schedules cumulatively.

Distribution Extension - Distribution or supply main, including all appurtenant facilities, except meters, meter installations and regulator facilities, necessary to supply service to additional customers.

Distribution Reinforcement – Increase in size or number of existing facilities necessitated by Applicant's estimated gas requirements.

Extension Completion Date - The date on which the construction of a Distribution Extension or Distribution Reinforcement is completed as shown by the Company's records.

NATURAL GAS SERVICE
GENERAL**

BENEFIT OF SERVICE

An application for natural gas service may be made at any office of the Company. The Company may require any applicant to sign an Application Contract before service is supplied. However, the use of natural gas service constitutes an agreement under which the user receives natural gas service and agrees to pay the Company therefore in accordance with the applicable rate schedules, rules and regulations. Each person of full legal age who resides at the premises to which service is delivered shall be deemed to receive benefit of service supplied and shall be liable to the Company for payment, subject to conditions hereinafter stated, whether or not service is listed in his/her name. The primary obligor for payment is the applicant or user in whose name service with the Company is listed (the customer of record). The Company is obligated to pursue reasonable and timely efforts to effect payment by or collections from the customer of record. In the event such efforts are unavailing, and it is necessary for the Company to effect payment by or collection from a user who is not the customer of record by transfer of an account or otherwise, the Company shall give prior written notice to said user that he/she may factually dispute the applicability of the benefit of service rule stated in this paragraph to his/her specific situation by making written complaint to the Public Utilities Commission. The benefits and obligations of the agreement for service may not be assigned without written consent of the Company. A separate agreement will be made for each class of service at each separate location.

During a period of vacancy in a rental property, the landlord or property owner may contact the Company verbally or in writing to request that natural gas service be transferred to his/her name. Upon such application by the landlord or property owner, the landlord or property owner becomes the customer of record and service will be provided in the name of the landlord or property owner.

CHOICE OF RATES

The Schedule of Rates is on file at the offices of the Company and available to applicant for service. Applicant shall elect under which rate schedule service shall be supplied subject to the terms and conditions of the individual rate schedule. When there are two or more rate schedules applicable to any class of service Company will, upon request of applicant, explain the conditions, character of installation or use of service governing the several rate schedules and assist in the selection of the rate schedule.

Applicant, however, shall be responsible for the final selection of said rate schedule and Company assumes no liability therefore.

CHARGES FOR RENDERING SERVICE

Appropriate charges to customers will be made at the time service is initiated or restored, or in the event that service at a specific location is transferred from one customer to another. Charges will also be made to customers for all service work performed for customers on customer's premises except for gratuitous services provided by Company. Service work performed at other than regular working hours shall be subject to overtime rates. Charges are set forth on the tariff sheet entitled Schedule of Charges for Rendering Service. These charges are to offset Company's costs for such service work and transactions and are in addition to all other customer charges for utility service, for customer deposits and for required charges under Company's filed extension policy.

Gratuitous services to customers by the Company will not be charged to the customer. Such gratuitous services are limited to the following:

1. All emergency calls where permanent materials and facility replacement is not performed.
2. Bill investigations.
3. Customer service complaint investigations.
4. Changing customer's equipment due to changes in service characteristics, not, however, including changes necessary to convert customer's equipment to natural gas service from an alternate fuel.
5. Maintenance of Company facilities.
6. Relight pilots and perform other services resulting from outages on Company's system.

To compensate Company for the cost of processing bad checks, the Company will make a charge to any customer whose check for payment to the Company is returned by the bank as not payable. The amount of the charge is stated on the tariff sheet entitled Schedule of Charges for Rendering Service.

**RULES AND REGULATIONS
NATURAL GAS SERVICE
GENERAL**

DIVERSION OF NATURAL GAS

The existence of natural gas consuming devices installed ahead of the meter or any tampering or interfering with pipes, devices, or equipment connected to Company's distribution system or the damage to, alteration, or obstruction of any meter (including the breaking of meter seals) which will permit or make possible the use of natural gas without its proper registration on Company's meter shall constitute prima facie evidence of diversion of natural gas by the customer in whose name service is being rendered, or by the person benefiting from the use of such diverted natural gas. In the event that a Company check meter registers more natural gas in the same interval of time than does the meter installed at customer's premises after such meters shall have been tested and found to be registering within the limits of accuracy prescribed by the Public Utilities Commission of the State of Colorado, such fact shall also constitute prima facie evidence of diversion of natural gas.

In such instances, Company will in any reasonable manner, compute the amount of diverted natural gas. Where Company is unable to make such count, the computation will be based upon any other available information, or estimated. Such computation or estimate shall be made for the period beginning with the date on which customer began using natural gas at the location where the diversion occurred, unless evidence proves the diversion commenced at a later date, and ending with the date on which such diversion ceased. Bills for natural gas diverted, based upon the aforesaid computation or, where necessary, upon estimation, under the applicable rate in effect during the period of diversion, plus the cost of investigating and confirming such diversion, disconnecting service, equipment damages and other related items shall be due and payable in accordance with the Company's tariffs.

If Service has been discontinued for failure to comply with any of the Company's rules and regulations and a diversion of natural gas has been confirmed subsequent to discontinuance, the Company will not render service to customer, or to any other person for customer's use, until:

- (1) The Customer has paid or made appropriate arrangements (when applicable) with the Company for the payment of all charges relating to the diversion of natural gas and for all past due bills for service rendered at the same location; and
- (2) The Company confirms that the cause for the discontinuance of natural gas, if other than for non-payment, has been cured. Payment arrangements shall not be available in any case where the customer has defaulted on an installment payment arrangement.

ACCESS

An application for natural gas service, or Customer's receipt of Company's service, shall be deemed and construed as Applicant's or Customer's grant to Company and its authorized employees, agents, and contractors, of access, including ingress and egress, in, on, across, over, under, and through Applicant's or Customer's real property for the purpose of installing, operating, inspecting, testing, repairing, changing, removing, or abandoning in place Company's gas distribution system and for such other purposes incidental to Company providing natural gas service and preserving the safety and integrity of its gas distribution system. If an Applicant or Customer endeavors to divide its real property by sale or otherwise in such a manner that will restrict or impede Company's access to its gas distribution system, Applicant or Customer shall grant or reserve an easement for Company's benefit over such portion(s) of the divided real property as necessary for Company and its authorized employees, agents, and contractors to retain access to Company's gas distribution system.

RESALE OF NATURAL GAS

Natural gas service supplied by the Company is for the exclusive use of the customer. Consequently, the customer will not be permitted by submetering, to determine a quantity of natural gas and resell the same as such to any other person or persons on the customer's premises or for use on any other premises. A master-metered customer may, however, check-meter tenants, lessees, or other persons to whom ultimately the natural gas is distributed for the purpose of reimbursing the master-metered customer by an appropriate allocation procedure. The Company reserves the right to refuse to furnish natural gas service to any customer where the purchase of such service is for the purpose of resale by customer to others. In the event natural gas is resold in conflict herewith, Company shall have the right to discontinue service to customer.

COMPLAINTS

Customers who wish to dispute any action of the Company may file an informal complaint with the Colorado Public Utilities Commission, External Affairs Division, in writing at 1580 Logan St, OL2, Denver, CO, or by telephone at (303) 894-2070 or (800) 456-0858; by e-mail at the following address: dora_puc_website@state.co.us; or through the Commission's website at: <https://puc.co.gov>. The Company will investigate promptly all complaints made by its customers and will keep a record of all written complaints which record will include: the name and address of the complainant, the date, the nature of the complaint, and the adjustment or disposition made thereof. This record will be kept at least two years after the date of the complaint.

MEASUREMENT EQUIPMENT AND TESTING – CONT'D

Measurement Equipment

The Company will install, maintain, and operate, or cause to be installed, maintained, and operated, measuring stations equipped with flow meters and/or other necessary metering and measuring equipment by which the billing unit of gas received or delivered shall be determined. For gas receipts onto the Company's system the responsible party may be as agreed upon.

Accuracy and Routine Testing

The Company will exercise reasonable means to determine and maintain the general accuracy of all natural gas meters in use. All meters will be tested for accuracy of adjustment and registration before installation and shall be tested in accordance with the test schedule set forth herein.

MEASUREMENT EQUIPMENT AND TESTING – CONT'D

Meter Type	Capacity	Testing Frequency	Accuracy Standard
Diaphragm	<0-500 cf/hour	6-10 year testing interval, depending on meter type and capacity, based on years of service. See Meter Sampling Program in Proceeding No. 18A-0810G	AQL will be not more than 6.5% of meters in the sample deviating from 100% accuracy by more than +/- 2%.
	>500 cf/hour	5 year testing interval after meter set date	Intest using Check test value. Acceptable meter accuracy 100% +/- 2%
Rotary	All in service meters	5 year testing interval after meter set date	Intest using Check test value. Acceptable meter accuracy 100% +/- 2%
Turbine	All in service meters	Spin test at one year intervals after meter set date.	Intest using Check test value. Acceptable meter accuracy 100% +/- 2%
		Flow tested at 5 year intervals after meter set date	

Testing upon Request

The Company, at any time, may test any of its meters. Upon written request of a customer, the Company will test the accuracy of the delivery meter installed at customer's premises free of charge if said meter has not been tested within the 12-month period just prior to such request. Any meter so tested will be considered accurate if the average accuracy of the meter is within 1% plus or minus.

MEASUREMENT EQUIPMENT AND TESTING – CONT'D

Measurement Errors

If, upon any test, any measuring equipment is found to be inaccurate, such equipment shall be adjusted to measure accurately. In the event any measuring equipment is out of service or is found registering inaccurately and the error is not determinable by test, or by previous recording, receipts or deliveries through such equipment shall be estimated based upon the first of the following methods which is feasible:

- (a) By using the registration of any check meter or meters, if installed and accurately registering, or, in the absence of (a);
- (b) By correcting the error if the percentage of error is ascertainable by calibration, special test, or mathematical calculation, or, in the absence of (a) and (b);
- (c) By estimating the quantity of gas received or delivered based on receipts or deliveries during preceding periods under similar conditions when the measuring equipment was registering accurately.

GAS BILLING

For the purpose of billing gas, the following billing units shall be used:

- (a) Rate Classes RG and CG. The billing unit shall be energy (Therm). The energy usage shall be calculated by multiplying the determined volume of the gas by the heating value of the gas, and suitable pressure correction factors shall be applied.

GAS BILLING – CONT'D

Billing Errors

The Company will exercise all reasonable means to assure accurate computation of all bills for gas service. Customer agrees to accept the Company's accounting for gas measurement and billing. In the event errors in billing occur, Company shall refund to customer the amount of any overcharge having resulted therefrom and, likewise, shall have the right to collect from customer the amount of any undercharge. For Residential/Small Commercial/Agricultural Service, the time period for billing and collection for billing errors shall be limited to six months. For all other rate classes, the period of time for billing and collection of billing errors shall be limited to twenty-four months. The provisions of this tariff sheet shall not apply to meters that have been bypassed or in any way involved in energy diversion or in cases of subterfuge.

GAS PROPERTY DETERMINATION

Gas Properties which may be required for volume measurement or energy determination will be determined by appropriate industry standards or practices, or for gas received onto the system by any other methods as agreed upon. Appropriate industry standards include but are not limited to those referenced herein, and the Company may adopt any subsequent amendments to the standards in the exercise of its reasonable judgment.

Heating Value (Hv) and Specific Gravity

The Hv and specific gravity may be determined by the use of an on-line instrument, a continuous gas sampling device, a spot sample device, or for gas received onto the Company's system by any other method as agreed upon. On-line instruments include a calorimeter, gravimeter, chromatograph, and any similar device. Hv and specific gravity determination by calculation from gas composition will comply with GPA Standard 2172-86, with physical constants per GPA Standard 2145-93. Determination of compressibility factors for use in Hv and specific gravity calculations may be done in accordance with GPA Standard 2172-86, or by any other means consistent with appropriate industry standards or practices.

For the purpose of calculating the Hv from the gas composition for gas receipts, the gas will be assumed dry if the actual water vapor content is less than 7 lb. water per Mmcf. The Company may account for the actual water vapor content in the gas if the content is in excess of 7 lb. water per Mmcf.

GAS PROPERTY DETERMINATION – CONT'D

Heating Value (Hv) and Specific Gravity – Cont'd

Hv and specific gravity determination will be done at intervals as found necessary in the exercise of the Company's reasonable judgment, but at least on a quarterly basis. For gas delivered, intervals shall not exceed 12 months. For gas received onto the Company's system, intervals shall not exceed 12 months and may be as otherwise agreed upon or required. The Company may apply a known Hv and specific gravity as determined at some upstream or representative location in the Company's system.

For Hv and specific gravity determination by on-line instrumentation applied in conjunction with electronic volume measurement, the Hv signal and specific gravity signal shall be processed by the computer.

For Hv and specific gravity determination by continuous sample, spot sample, and recording chart, the properties applied to volume or energy determination may be based on historical data. This practice may be as otherwise agreed upon for gas received. For Hv and specific gravity determination by chart recording applied in conjunction with conventional chart measurement for gas volumes, the arithmetic average of Hv and specific gravity recorded shall be applied.

GENERAL PROVISIONS – CONT'D

The determination of facility type and routing will be made by Company to be consistent with the characteristics of the territory in which service is to be rendered and the nature of Company's existing facilities in the area.

In all cases, the facilities provided will be constructed by the Company or its designated agent in accordance with the Company's specifications, standards and procedures, and shall be, at all times, the property of the Company to the point of delivery. Distribution extension contracts will be based upon the Company's estimate of the cost of constructing and installing the facilities necessary to adequately supply the service requested by Applicant. Such cost will include the cost of all materials, labor, rights-of-way, etc., together with all incidental and overhead expenses connected therewith. Where special items, not incorporated in said specifications, are required to meet local construction conditions, the cost thereof will also be included.

CONSTRUCTION ALLOWANCE AND CONSTRUCTION PAYMENTS

PLAN A - PERMANENT SERVICE

Plan A is applicable to gas Distribution Extensions where the use of service is to be permanent and where a continuous return to Company of sufficient revenue to support the necessary investment is assured.

For gas service of a permanent character, the Company will install at its expense, necessary Distribution Extension facilities equivalent in cost of the gross embedded investment per customer as a Construction Allowance. The annual volume portion of the Construction Allowance shall be the product of the Company's estimate of the Applicant's annual usage times the derived gross embedded investment per Dekatherm. The Construction Allowances are as shown on the Sheet entitled Construction Allowance by Service Class for each of the various categories of service listed.

The above allowances are subject to review and appropriate revision by filing of new Construction Allowances with The Public Utilities Commission within 30 days following a final decision in a Company rate proceeding, based on the appropriate gross distribution investment amounts included in that proceeding. A review and recalculation of Construction Allowances will be made at least once a year, unless Company receives authorization for a waiver of recalculation.

Applicant or Applicants shall be required to pay to Company as a Construction Payment all estimated costs for gas distribution facilities necessary to serve Applicant or Applicants in excess of the Construction Allowance. Said Construction Payment shall be refundable in part or in its entirety during a five-year period commencing with the Extension Completion Date. At the end of said five-year period any remaining Construction Payment becomes non-refundable.

SERVICE LATERAL CONNECTION AND DISTRIBUTION MAIN
EXTENSION POLICY**

CALCULATION AND PAYMENTS OF REFUNDS

Distribution Extensions requiring customer Construction Payments are subject to refunds during the five-year period commencing with the Extension Completion Date. Such refunds will be made in conformance with the provisions applicable to refunds under the appropriate plan under which the extension is classified. No refunds will be made after the five-year period following the Extension Completion Date and any remaining un-refunded customer Construction Payment becomes permanent and no longer subject to refund for any reason. In no case shall refunds be made which exceed in total the total amount of Construction Payment made by any customer. In no event shall any customer who has terminated service be eligible for any refund after such termination.

NATURAL GAS SERVICE
SERVICE LATERAL CONNECTION AND DISTRIBUTION MAIN
EXTENSION POLICY**

CALCULATION AND PAYMENTS OF REFUNDS – CONT'D

PLAN C - TEMPORARY SERVICE

No refund of Construction Payments for Temporary Service will be made unless the subject extension is subdivided by the addition of Permanent Service or Indeterminate Service customers or in the event that the Temporary Service customer is reclassified as an Indeterminate Service customer as follows:

Customers of a Permanent Service or Indeterminate Service classification can be served from a Plan C extension only after first allocating a portion of the costs of the Plan C extension on a permanent basis to such Permanent Service or Indeterminate Service customers. The portion of customer Construction Payments required from said Permanent Service or Indeterminate Service customers resulting from said allocation will be refunded to customers on the Plan C extension.

A Temporary Service customer continuing to require service after an eighteen-month period will be subject to reevaluation as to the nature of service. If appropriate, such customer and the associated construction will be reclassified as Indeterminate Service with costs and refund considerations being reevaluated as Indeterminate Service based on the original extension costs and completion dates. In no event shall the total amount refunded to any customer exceed the total Construction Payment made by that customer.

REINFORCEMENTS

Where gas distribution system reinforcement is required for serving a residential Applicant's total requirements, Company will make such reinforcements at its expense. For other classes of service any required reinforcement shall generally recognize the construction cost, Construction Allowance and customer Construction Payment provisions of this extension policy in accordance with individual agreements between Applicant and Company based upon the amount, character and permanency of the load.

**RULES AND REGULATIONS
NATURAL GAS SERVICE
SERVICE LATERAL CONNECTION AND DISTRIBUTION MAIN
EXTENSION POLICY**

EXCEPTIONS

1. In situations where the extension is of such length and the prospective customer(s) revenue temporarily or permanently to be derived therefrom is so limited as to make it doubtful whether necessary fixed costs on the investment would be earned, Company reserves the right to require Applicant or Applicants to pay Company, in advance, all construction costs and, in addition, contract to pay Company annually an amount to cover the cost of depreciation, taxes, operation and maintenance of such facilities.

2. In situations involving extensions of considerable length, where the economics are improved by existing customers that would convert to natural gas service, the Company may provide service under the following conditions: individual construction payments will be based upon the estimated construction costs and the existing and potential customers units over a given time period not to exceed five (5) years. The estimated construction costs will include the cost of funds utilized during said time period. The extension will remain open until either the existing and potential units are connected or the time period used to estimate the Construction Payment has elapsed, whichever is longer. Construction Payments made in accordance with exception Number 2 will not be subject to refund.

APPLICABILITY LIMITATION

The foregoing extension policy applicability is limited by the following conditions: The Company's estimated construction costs and customer deposit requirements as calculated for each extension will become void following a period of 120 days from the time an extension request is received by Company or a period of 60 days following a written estimate being provided by Company, whichever period ends later. If an extension agreement in writing is not fully executed before that time it will be necessary, at the Company's option, to either extend said time period or for new estimates to be made incorporating the then current construction costs and also incorporating the then effective terms and conditions of the Company's extension policy as on file and in effect with The Public Utilities Commission of the State of Colorado. Construction estimates will not be made for any portion of a construction project that cannot be completed in a normal manner, i.e., following accepted construction practices, within 120 days after execution of the extension agreement, which amount will be determined in an engineering estimate prepared by the Company at the time the written estimate is prepared and such amount will be specified in the written estimate. Any construction which is not completed in a normal manner, i.e., following accepted construction practices, within the 120-day period from the execution of the extension agreement will be deleted from the agreement and deposit requirements will be adjusted accordingly, unless the delay is caused by the Company, in which event the deposit will become interest bearing, the Company to pay interest at the rate it currently pays on residential security deposits, and the construction will not be deleted from the agreement.

OPTIONAL EXCESS FLOW VALVES

Customers of record with new and replaced residential service lines serving a single residence will be notified of the availability for installation of an Excess Flow Valve (EFV) meeting Department of Transportation prescribed performance standards as well as the related safety benefits and costs thereof. (Title 49 CFR, Part 192.383) While the Company will install the EFV at the customer's request, it is the responsibility of the customer of record to pay all costs associated with the installation thereof. For customers requesting installation on a new or replacement residential service line, the cost of installation is as set forth on Sheet Nos. 8 and 13 of this tariff.

An existing customer of record that requests that an EFV be installed on an existing residential service line serving a single residence shall be responsible for all of the Company's actual costs of the equipment and installation thereof, including but not limited to the fully loaded labor, equipment, and material costs for the removal and repair of asphalt, concrete, sod, landscaping and piping.

If a customer of record later wishes to have the EFV replaced, repaired, removed or deactivated that customer of record shall be responsible for all of the Company's actual costs of such work, including but not limited to the fully loaded labor, equipment, and material costs for the removal and repair of asphalt, concrete, sod, landscaping and piping.

The Company shall not be liable for any injury or damage to persons or property arising directly or indirectly out of the installation, operation, repair or replacement of the EFV.

**GENERAL TERMS AND CONDITIONS
NATURAL GAS SALES AND SERVICE
RESIDENTIAL**

These General Terms and Conditions apply to Residential Service in all territory served by the Company.

DEFINITION

Residential Service is the furnishing of natural gas for the exclusive use of the individual customer for domestic purposes, e.g., cooking, water heating, space heating and clothes drying, in a private home or individual living unit where only one household is served through a single meter. Service to buildings appurtenant to the residence including garages, barns, and other minor buildings for use of the residents may also be served through the residential meter. Each family dwelling place or housekeeping unit shall be considered as a separate living unit.

CLASSIFICATION OF SERVICE

For purpose of designation, service is classified by type of use as follows:

- a) Residential Service is the use of natural gas for all general domestic purposes.

SPECIAL RULES

Residential Service rates are not applicable to service for commercial enterprises, except as specifically provided herein. Commercial enterprises will include but not be limited to clubs, fraternities, sororities, lodges, hotels, apartment and rooming houses, motels, mobile home parks, campgrounds, multi-family dwellings where more than one dwelling or one living unit is served through a single meter, schools, municipal buildings, churches, eleemo-synary institutions, greenhouses, dairies, manufacturing, agricultural, livestock production, mining, oil and gas extraction, construction, communication, transportation, etc.

**GENERAL TERMS AND CONDITIONS
NATURAL GAS SALES AND SERVICE
RESIDENTIAL**

RESIDENTIAL DEPOSITS AND REFUNDS – CONT'D

The following apply to all new Applicants for Residential Service, including former customers who have had their service discontinued.

(1) Applicants who previously received service from Company for at least nine consecutive months within the last three years and who maintained a “satisfactory credit record” during the most recent nine consecutive months of such service will not be required to make a residential deposit. A “satisfactory credit record” means (i) no discontinuance of service during the most recent nine consecutive months of previous service or (ii) if service was not discontinued, less than three bills paid after the due date.

(2) Applicants who do not meet the above requirements will be required to deposit with Company an amount equal to customer’s estimate of an average 90-days’ winter bill for the subject location, which will be based on actual previous winter usage for the subject location whenever possible or Company’s approximation thereof. Such deposit is not an advance payment or partial payment of any bill for service, but is security for payment of bills for service, to be applied against unpaid bills only if service is discontinued.

(3) Company will process a credit check on Applicants who have not received service from Company in the past five years to determine if a deposit is required. If the results of the credit check are not satisfactory to Company, at its discretion, a deposit may be required. If a deposit is required, it will be based on an average 90-days’ winter bill for the subject location, which will be based on actual previous winter usage for the subject location whenever possible or Company’s approximation thereof. Such deposit is not an advance payment or partial payment of any bill for service, but is security for payment of bills for service, to be applied against unpaid bills only if service is discontinued.

(4) Company will refund customer’s deposit so long as customer has received service from Company within the most recent consecutive twelve-month period and Company has not notified customer of service discontinuation within that same period. Thereafter, if any deposit remains, Company will review customer’s account on an annual basis or upon customer’s written request to determine if customer is eligible for a deposit refund. Deposits may be refunded only after all outstanding amounts on customer’s account are paid in full.

(5) Interest on deposits accrues at a rate of 4.08% per annum or at such interest rate ordered by the Commission at any time. If there is a change in interest rate, the interest will accrue at the new rate as of the effective date ordered by the Commission. Company will pay to customer the deposit interest on an annual basis or upon customer’s written request and such payment will be made either by check or as a credit on customer’s account.

RESIDENTIAL DEPOSITS AND REFUNDS – CONT'D

(5) The Company shall allow third-party guarantee arrangements and, pursuant to these tariffs, shall offer the option of a third party guarantee arrangement for use in lieu of a cash deposit. The following shall apply to third-party guarantee arrangements:

- (I) An applicant for service or a customer may elect to use a third-party guarantor in lieu of paying a cash deposit.
- (II) The third-party guarantee form, signed by both the third-party guarantor and the applicant for service or the customer, shall be provided to the Company.
- (III) The Company may refuse to accept a third-party guarantee if the guarantor is not a customer in good standing at the time of the guarantee.
- (IV) The amount guaranteed shall not exceed the amount which the applicant for service or the customer would have been required to provide as a cash deposit.
- (V) The guarantee shall remain in effect until the earlier of the following occurs: it is terminated in writing by the guarantor; if the guarantor was a customer at the time of undertaking the guarantee, the guarantor is no longer a customer of the Company; or the customer has established a satisfactory payment record, as defined in the Company's tariffs, for 12 consecutive months.
- (VI) Should the guarantor terminate service or terminate the third party guarantee before the customer has established a satisfactory payment record for 12 consecutive months, the Company, applying the criteria contained in its tariffs, may require a cash deposit or a new third party guarantor.

(6) The Company shall issue a receipt to every customer from whom a cash deposit is received. The Company shall not refuse to return a cash deposit or any balance to which a customer may be entitled solely on the basis that the customer is unable to produce a receipt.

(7) The Company shall not require a deposit from an applicant for service or service restoration who was a participant in LEAP or another low-income program in 4 CCR 723-723-4-4412 during the last 12 months.

**GENERAL TERMS AND CONDITIONS
NATURAL GAS SALES AND SERVICE
RESIDENTIAL**

RESTORATION OF SERVICE – RESIDENTIAL

As a condition for restoration of service, customer shall be in compliance with these General Terms and Conditions and all ordinances, statutes, and other lawful regulations that apply to customer's natural gas service.

(1) If service was discontinued due to customer's failure to pay, or make arrangements to pay, for services rendered, Company will make commercially reasonable efforts to restore service to customer, within the timeframe set forth below, upon (a) customer's agreement to make payments on an installment plan or under a budget billing arrangement, (b) Company's receipt of customer's first full payment under the installment plan or budget billing arrangement, (c) Company's receipt of all applicable collection and restoration charges, and (d) Company's receipt of full payment of any required deposits, (e) a customer may enter into an installment payment plan up to 12 months, but may be extended 24 months if warranted by extraordinary circumstances, (f) present a medical certification.

(2) If service was discontinued due to customer's failure to pay any amount due under its installment plan or budget billing arrangement, Company will make commercially reasonable efforts to restore service, within the timeframe set forth below, upon (a) Company's receipt of full payment of all amounts due on customer's account, (b) Company's receipt of all applicable collection and restoration charges, and (c) Company's receipt of full payment of any required deposits.

Where service has been discontinued in accordance with these General Terms and Conditions, Company will endeavor to restore service to customer within CO rules 4 CCR 723-4-4409 upon Company's verification that customer has remedied the cause for discontinuance and otherwise satisfies the terms for restoration, unless otherwise safety concerns or exigent circumstances prevent restoration, such as the customer or their designee not being at the premises at the time scheduled for restoration. The company shall restore service to a customer who has completed an action within Rule 4 CCR 723-4-4409 within 24 hours or within 12 hours if the customer pays applicable after-hours charges and fees established in tariffs. The company will exercise its best efforts to restore service for customers meeting requirements of the above paragraph on the same day of a service discontinuance. If the time of Company's restoration of service is outside of Company's normal business hours or falls on a federal holiday or weekend, Company may charge to customer's account relevant fees set forth on Sheet 17. The Company must resolve doubts as to whether a customer has met the requirements for service restoration in favor of restoration.

BUDGET BILLING PLAN

Customers served under Residential/Small Commercial/Agricultural service rates that have no Notice of Discontinuance of Service pending may elect, at their option, to pay monthly bills for service on a Budget Billing Plan beginning with any billing month. The monthly fixed amount will be calculated using the last twelve (12) months of total charges and dividing by eleven (11). Said monthly payment shall be made for eleven successive months with the twelfth month's payment being a settlement amount equal to the difference between the total of the prior eleven months' payments and the actual billings for the twelve month period. If the settlement amount is a credit balance the customer may elect to have the credit applied to future billings. If the settlement amount is a debit balance owed by the customer the total balance will be due and payable on the due date shown on the bill for the settlement month. A payment plan can be setup upon request by the customer, if necessary. The customer may continue on the Budget Billing Plan for succeeding years, in which case the settlement month for each year will occur in twelve month cycles starting with the beginning month.

If a customer electing the Budget Billing Plan fails to pay the budget billing obligation in any month, normal collection procedures shall be applicable for the outstanding budget billing amount. Upon termination of service of a customer on the Budget Billing Plan, the customer is subject to removal from the plan and the entire outstanding amount of the account for actual usage shall be due and payable.

**GENERAL TERMS AND CONDITIONS
NATURAL GAS SALES AND SERVICE
COMMERCIAL**

These General Terms and Conditions apply to Commercial Service in all territory served by Company.

DEFINITION

Any establishment engaged in the operation of a business, whether or not for profit, shall be considered as commercial in nature. Such establishments include, without limitation, clubs, fraternities, sororities, lodges, hotels, apartment and rooming houses, motels, mobile home parks, campgrounds, multi-family dwellings where more than one dwelling or one living unit is served through one meter, schools, municipal buildings, churches, eleemosynary institutions, greenhouses, dairies, and facilities engaging in manufacturing, agriculture, livestock production, mining, oil and gas extraction, construction, communication, transportation, etc.

T

T
T

CLASSIFICATION OF SERVICE

For purpose of designation, service is classified by type of use as follows:

- (a) Commercial Service is the use of natural gas for all general commercial purposes.
 - (1) Small Commercial customers are defined as those customers taking Commercial Service that use meters with a capacity of less than 500 cubic feet of gas per hour.
 - (2) Large Commercial customers are defined as those customers taking Commercial Service that use meters with a capacity of 500 cubic feet of gas per hour or more.

COMMERCIAL DEPOSITS AND REFUNDS – CONT'D

Refunds of commercial deposits will be made at any time following the two-year retention period in which the customer's most recent twelve months' history indicates that service has not been discontinued for nonpayment and not more than two Notices of Discontinuance have been mailed during the most recent twelve months' period of which none were mailed within the most recent six months. Refunds will otherwise be made only at such time as service is discontinued and all outstanding bills have been paid.

Interest at the rate of 4.08 percent per annum shall be paid on customer deposits, either in cash or by a credit to the customer's account. Interest will be paid upon refund of the deposit or annually upon request of a customer. The interest rate is subject to change January 1 each year in accordance with the rules of The Public Utilities Commission of the State of Colorado. Whenever the interest rate is changed, deposits held by the Company shall earn interest at the new rate for the portion of time the deposit is held beyond the effective date of the interest rate change.

T

DISCONTINUANCE OF SERVICE BY COMPANY - COMMERCIAL

Company may discontinue service upon not less than fifteen days' written notice to customer of Company's intention to discontinue service:

- (1) If customer fails to pay, or make arrangements for payment of, bills for service rendered as provided in these rules.
- (2) If customer fails to comply with Company's rules and regulations after due notice of such failure is given by Company and reasonable time is allowed for compliance.
- (3) If customer's use of service is detrimental to the natural gas service being furnished by Company to other customers in the immediate vicinity or supplied from the same distribution system.

Discontinuance of service in accordance with (1) above shall not occur until Company has made a reasonable effort to give notice of the proposed discontinuance by telephone to the customer.

DISCONTINUANCE OF SERVICE BY COMPANY – COMMERCIAL – CONT'D

Reasonable effort shall consist of, in addition to a mailed notice of discontinuance 12 days in advance of the disconnect, at least two attempts on separate days and at least 24 hours prior to the proposed discontinuance to make telephone contact at such telephone numbers as the customer may provide for such purpose to remind customer of the pending discontinuance and the terms to avoid same; or, at least two attempts by a field collector on separate days, and at least 24 hours prior to the proposed discontinuance, to make personal contact at the location of service to remind customer of the pending discontinuance and the terms to avoid same, or, having tried and failed to make contact in person, leaving written notice of the attempted contact and its purpose; or, at least one of each of the above-described attempts.

Discontinuance of service in accordance with (1) above shall also not occur if: for any past due amount that is less than fifty dollars (\$50), the customer makes full payment of outstanding bill, such payment to be made by cash or bona fide check to a Company representative or field employee unless customer has twice previously tendered payment with check which was returned to the Company by the banking institution unpaid, and the second such check was returned within the most recent twelve month period, in which cases payment by cash or certified check is required to avoid termination; or, customer prior to termination pays at least one-fourth of the amount shown on the notice of termination and enters into an installment payment plan arrangement to pay the remaining account balance in equal monthly installments over a period of time not to exceed three months. Installment payments will be due monthly in addition to the amount of the new monthly billing by the due date of each new bill. Failure to make agreed installment payments may result in service being terminated upon fifteen days' written notice and failure to make payment of current amounts due may result in service being terminated 30 days after the due date of the current bill upon written notice of broken arrangements. A customer whose monthly installment payment is not in default and whose new bill is not past due may renegotiate an installment payment plan arrangement, provided that the original arrangement amount will be paid in no more than three months from the date the original installment payment plan arrangement was entered into.

COMMERCIAL**

DISCONTINUANCE OF SERVICE BY COMPANY – COMMERCIAL – CONT'D

If discontinuance of service involves individual permanent residents of multi-unit dwellings where service for the entire multi-unit dwelling is supplied through one meter and Company is aware of such condition, discontinuance of service shall occur only after Company has given 30 days notice of intent to terminate to the party responsible for payment of utility bills for the dwelling and to individual occupants of each unit within the dwelling. Notice to such individual occupants shall be delivered to each dwelling unit or mailed to the addressee or occupant of each unit. In addition, a copy of said notices shall be posted, to the extent possible, in at least one of the common areas of the multi-unit dwelling. A copy of the notice also shall be mailed or delivered to the Public Utilities Commission together with an affidavit setting forth how the utility has delivered, mailed or posted notices or attempted to do so to the individual dwelling unit occupant. Occupants of a multi-unit dwelling may avoid termination by agreeing to pay each new bill within 30 days of issuance. Occupants so agreeing shall not be entitled to installment payments or any other payment plan and may be discontinued without further notice or attempt at personal contact for failure to pay each new bill within 30 days of issuance.

Discontinuance of service shall not occur between 12:00 noon on Friday and 8:00 A.M The following Monday or between 12 noon on the day prior to and 8:00 A.M. On the day following any federal holiday or Company observed holiday. It is outside the hours of 8:00 A.M and 4:00 P.M.

Company may discontinue service without notice:

(1) If the condition or installation of any part of the customers' gas piping apparatus, or appliances is found to be dangerous to life, health, or safety of any person. The Company does not assume responsibility and will not be held responsible for ascertaining such condition.

DISCONTINUANCE OF SERVICE BY COMPANY – COMMERCIAL – CONT'D

(2) If customer or anyone connected with customer or anyone with customer's knowledge or consent has violated any of the ordinances, statutes, or other lawful regulation of properly constituted authority applicable to customer's natural gas service. Company does not assume responsibility and will not be held responsible for ascertaining such condition.

(3) If service is found to have been restored by someone other than Company and the original cause for the discontinuance has not been cured.

NOTICE OF DISCONTINUANCE OF SERVICE BY COMPANY – COMMERCIAL

The notice of discontinuance of service shall be handled in accordance with Commission Rule 4 CCR 723-4 4408.

RESTORATION OF SERVICE – COMMERCIAL

As a condition for restoration of service, customer shall be in compliance with these General Terms and Conditions and all ordinances, statutes, and other lawful regulations applicable to customer's natural gas service. All safety concerns must be adequately addressed prior to restoration.

(1) If service was discontinued due to customer's failure to pay, or make arrangements to pay, for services rendered, Company will make commercially reasonable efforts to restore service to customer, within the timeframe set forth below, upon (a) Company's receipt of payment equal to at least one-half of all amounts due for services rendered, (b) Company's receipt of all applicable collection and restoration charges, (c) Company's receipt of full payment of any required deposits, and (d) customer's agreement to make monthly installment payments for the remaining account balance over a period not to exceed three months.

(2) If service was discontinued due to customer's failure to pay any amount due under its installment payment plan, Company will make commercially reasonable efforts to restore service, within the timeframe set forth below, upon (a) Company's receipt of full payment of all amounts due on customer's account, (b) Company's receipt of all applicable collection and restoration charges, and (c) Company's receipt of full payment of any required deposits.

GAS TRANSPORTATION TERMS AND CONDITIONS

OPERATIONAL FLOW ORDER (continued)

All volumes taken by End User in excess of volumes delivered by Interconnecting Party to Company for Shipper in violation of the above "condition (a)" OFO shall constitute an unauthorized delivery by Shipper on the Company's System. All volumes taken by Shipper less than volumes delivered by Interconnecting Party to Company for Shipper in violation of "condition (b)" OFO shall constitute an unauthorized delivery by Shipper to Company. Shipper shall be charged the greater of \$35.00 per Mcf or 125% of the actual charge made to Company by the Interconnecting Party, plus any other charges applicable under this tariff for such unauthorized receipts or deliveries that occur during the OFO. Company will not be required to provide service under this tariff to any Shipper that does not comply with the terms or conditions of an OFO. Payment of charges hereunder shall not be considered an exclusive remedy for failure to comply with the OFO, nor shall the payment of such charges be considered a substitute for any other remedy available to Company.

CAPACITY INTERRUPTIONS

Company shall have the right to interrupt the transportation of gas for Shipper, when necessary, due to lack of capacity, or to test, alter, modify, enlarge, or repair any facility or property comprising a part of its System, or otherwise related to the operation thereof. Except in cases of emergency, the Company shall endeavor to give advance notice to Shipper of its intention to interrupt the transportation of gas, stating the anticipated timing and magnitude of such Capacity Interruption. Except as set forth above, Company shall have no other responsibilities to Shipper for any alterations or repairs and shall have no liability for any losses or damages whatsoever occasioned by such alterations or repairs.

PRIORITY OF SERVICE

Unless conditions otherwise warrant, Firm Gas Transportation Service shall have priority over Interruptible Gas Transportation Service. The Capacity Interruption of gas deliveries in whole or in part under this tariff shall not be the basis for claims for damages sustained by Shipper or Receiving Party. Specific interruption of transportation service shall be made in the following order: (a) Authorized Imbalance Resolution Gas under Firm and Interruptible Transportation Service Agreements prorated based on confirmed Nominations for each Shipper; (b) Authorized overrun deliveries in excess of the Peak Day Quantity under Firm Transportation Service Agreements and the Maximum Daily Transportation Quantity under Interruptible Transportation Service Agreements prorated based on confirmed Nominations; (c) All other interruptible transportation service at a discounted rate by order of the rate being paid by Shipper for the transportation service from lowest to highest.

GAS TRANSPORTATION TERMS AND CONDITIONS

STANDARD FORM OF
FIRM GAS TRANSPORTATION SERVICE AGREEMENT

This Agreement is made and entered into this _____ day of _____, by and between Colorado Natural Gas Inc., PO Box 270868, Littleton, CO 80127, hereinafter called "Company" and _____, having a mailing address of _____, _____, _____, hereinafter called "Shipper".

THE PARTIES REPRESENT:

Shipper has by separate agreement acquired supplies of natural gas, hereinafter referred to as "Shipper's Gas", to be delivered to Delivery Point(s): and

Shipper will cause Shipper's Gas to be delivered to Company's Receipt Point(s) as specified in Exhibit _____; and

Shipper has requested and Company agrees to receive and transport Shipper's Gas from the Receipt Point(s) to the Delivery Point(s), as specified in Exhibit _____, on a firm capacity and firm supply reservation basis (if applicable); and Shipper assumes responsibility for the installation and maintenance costs for a communication line necessary for electronic metering for the facility(s) specified in Exhibit _____.

THEREFORE, THE PARTIES AGREE AS FOLLOWS:

1.
 - a) Shipper acknowledges that gas transportation service provided hereunder is subject to the terms and conditions of Company's applicable gas transportation tariff as on file and in effect with the Public Utilities Commission of the State of Colorado (Commission).
 - b) This agreement and all its rates, terms, and conditions as set out in this agreement and as set out in the tariff provision which are incorporated into the agreement by reference shall at all times be subject to modification by order of the Commission upon notice and hearing and a finding of good cause therefore. In the event that any party to this agreement requests the Commission to take any action which could cause a modification in the conditions of this agreement, the party shall provide written notice to the other parties at the time of filing the request with the Commission.
 - c) If the end-use customer uses a marketing broker for nomination, gas purchases, and balancing, the end-use customer shall provide the utility with an Agency Agreement.

2) Rates and Payment: Transportation service provided by Company under this Service Agreement shall be paid for by Shipper at the charges under the standard rate set forth in the Company's gas transportation tariff unless otherwise specified in Exhibit _____. Applicable facility charges shall be paid at the rate set forth in Exhibit _____>

3) Backup Supply Sales and Service: Shipper shall have the option to purchase Backup Supply Sales Service if available for sale by Company in the event that adequate supplies of Shipper's Gas are not available for receipt by the Company. All natural gas sold by Company to Shipper shall be at the Backup Supply Sales Charge specified in the Company's gas transportation tariff.

4) Term - Effective Date: Service shall begin on the Commencement Date of the Agreement specified on Exhibit _____, and shall continue until the Termination Date of that Agreement, and from year to year thereafter unless terminated by either party upon thirty (30) days written notice at the end of the primary term or any succeeding year thereafter.

5) Notices: Except as otherwise provided, any notice or information that either party may desire to give to the other party regarding this Agreement shall be in writing to the following address, or such other address as either of the parties shall designate in writing:
