

2026 HEATING REBATES

Colorado Natural Gas Customers

Rebates will be paid on a first-come, first-serve basis and are subject to budget availability and program changes. Applicants have up to 120 days from the installation of the natural gas equipment or natural gas meter to submit a rebate application. If the 120 days have passed, the applicant may still be eligible for a rebate if the Program Year budget has not been exhausted.

Date _____

Self Installed (Homeowner)

QUALIFYING MEASURES FOR REBATES

Must be installed in a home or business with natural gas from Colorado Natural Gas and must meet the following efficiencies:

RESIDENTIAL EQUIPMENT	EFFICIENCY LEVEL	REBATE	TRADE ALLY INCENTIVE
Furnace	AFUE ≥ 95%	\$500	\$50
Boiler	AFUE ≥ 95%	\$500	\$50
Tankless Water Heater	UEF ≥ 95%	\$300	\$50
Smart Thermostat	ENERGY STAR® certified	\$100	

It is the responsibility of the purchaser to ensure that the program requirements are met.

EQUIPMENT INFORMATION

To be completed by a licensed dealer/contractor/installer. Complete the information for the applicable rebate you are applying for:

NATURAL GAS FURNACE/ BOILER	NATURAL GAS TANKLESS WATER HEATER	ENERGY STAR SMART THERMOSTAT

TERMS AND CONDITIONS

- Participants must have an active gas account with Colorado Natural Gas (CNG).
- Rebates will not be paid unless the equipment (excluding smart thermostats) are installed by a licensed plumber or licensed electrician. Eligible smart thermostats may be installed by the rebate applicant and still receive funds.
- Natural gas forced air furnace in residentially-metered buildings must have 95% or higher Annual Fuel Utilization Efficiency (AFUE) per AHRI.
- Natural gas tankless water heaters installed in residentially-metered buildings must have .88 or higher Uniform Energy Factor (UEF) per AHRI.
- ENERGY STAR-certified smart thermostat (see energystar.gov) installed in a residentially-metered building rebates are limited to two (2) units per residence/Contract Account OR number of rebate-eligible furnace installed concurrently, whichever is greater (Ex: If installing smart thermostats with three rebate-eligible furnaces, all three smart thermostats are eligible for a rebate).
- Equipment installers may be eligible for a \$50 rebate per unit installed. Only applicable on furnaces and boilers. We do not give \$50 for thermostat installs.
- New equipment energy efficiency ratings must comply with those listed in the Air-Conditioning, Heating, and Refrigeration Institute (AHRI) directory found at www.ahridirectory.org. All space heating equipment needs to bear the AHRI certified mark. All water heaters must either include AHRI certification or be listed as an ENERGY STAR-qualified equipment.
- To qualify for the rebate, heating equipment must meet minimum efficiency requirements as listed in this application and CNG must provide the main heat source fuel. Heat Pumps are considered main heat source regardless of settings, therefore, no heating or envelope measure rebates would be eligible when a Heat Pump is present.
- All submissions must include dated sales invoices/receipts. Invoices/receipts must include equipment retail price, brand, model number, serial number, and installer license number.
- No rebate will exceed the equipment purchase price.
- Rebates will be paid on a first-come, first-served basis and are subject to budget availability and program changes. The program will end when the budget is depleted. Funds are limited.
- Applicants have up to 120 days from the installation of the natural gas equipment or natural gas meter to submit a rebate application. If the 120 days have passed, the applicant may still be eligible for a rebate if the Program Year budget has not been exhausted.
- Natural gas equipment replacing electric equipment is not eligible for a rebate.
- Equipment installed under warranty replacement is not eligible for a rebate.
- Rebate applies to new thermostats only. Refurbished models are not eligible for this rebate.
- Colorado Natural Gas reserves the right to inspect all rebated equipment.
- This program is subject to regulatory rules and orders. Colorado Natural Gas reserves the right to change or end any portion of this program without notice.
- To avoid delay, the dealer invoice returned with your rebate application must include the manufacturer, model, and serial numbers, efficiency rating, date of installation, and installation address.
- Checks will be made payable to customer shown on invoice. Builders and installers are eligible to receive their customer's rebates if a discount to the customer for the rebate amount is shown on the submitted invoice.
- Please allow 6-8 weeks from the date a completed application is submitted to receive a rebate payment.

Mail or email completed paperwork to:

Summit Utilities Rebates
