

INSULATION REBATES

Colorado Natural Gas Customers

Rebates will be paid on a first-come, first-serve basis and are subject to budget availability and program changes. Applicants have up to 120 days from the insulation installation to submit a rebate application. If the 120 days have passed, the applicant may still be eligible for a rebate if the Program Year budget has not been exhausted.

QUALIFYING MEASURES FOR REBATES

Must be installed in a home or business with natural gas from Colorado Natural Gas and must meet the following efficiencies:

RESIDENTIAL EQUIPMENT	EFFICIENCY LEVEL	REBATE	TRADE ALLY INCENTIVE
Ceiling / Attic Insulation	≥ 38 R-Value	\$300	\$50
Basement, Crawlspace Insulation	≥ 10/13 R-Value	\$300	\$50
Floor Insulation	≥ 19 R-Value	\$300	\$50
Wall Insulation	≥ 13 R-Value	\$300	\$50

It is the responsibility of the purchaser to ensure that the program requirements are met.

Applicant must provide pre and post photos by measure use of a ruler of existing insulation levels for rebate consideration. For additional questions, please call inquiry contact listed below.

Location _____ Sq Ft _____

Initial R-Value _____ Final R-Value _____

**Insulation will only be incentivized in homes that are at least 10 years old or have an energy use of at least \$0.05/per square foot according to a recent CNG bill.*

TERMS AND CONDITIONS

- Rebates will not be paid unless the installation is completed by a licensed contractor.
- Installers may be eligible for a \$50 rebate per unit installed, subject to change in accordance with Colorado labor standards. For questions regarding installer rebate please call the number below.
- CNG must provide the main heat source fuel. Heat Pumps are considered main heat source regardless of settings, therefore, no heating or envelope measure rebates would be eligible when a Heat Pump is present.
- All submissions must include dated sales invoices/receipts. Invoices/receipts must include equipment retail price.
- No rebate will exceed equipment/installation purchase price.
- Rebates will be paid on a first-come, first-served basis and are subject to budget availability and program changes. The program will end when the budget is depleted. Funds are limited.
- Applicants have up to 120 days from the installation of the insulation to submit a rebate application. If the 120 days have passed, the applicant may still be eligible for a rebate if the Program Year budget has not been exhausted.
- Colorado Natural Gas reserves the right to inspect all rebated equipment.
- This program is subject to regulatory rules and orders. Colorado Natural Gas reserves the right to change or end any portion of this program without notice.
- To avoid delay, the dealer invoice returned with your rebate application must include the date of installation, and installation address. Insulation cost, labor, and tax must be itemized.
- Checks will be made payable to customer shown on invoice. Builders and installers are eligible to receive their customer's rebates if a discount to the customer for the rebate amount is shown on the submitted invoice.
- Please allow 6-8 weeks from the date a completed application is submitted to receive a rebate payment.
- Applicant must provide pre and post photos by measure use of a ruler of existing insulation levels for rebate consideration. For additional questions, please call inquiry contact listed below.
- If using RetroFoam insulation, please provide the pre and post R-value insulation numbers.
